#### USE OF CAMPSITE, VACANCY PERIOD AND YEAR-ROUND OCCUPANCY

Camping is an outdoor recreational activity. The participants known as campers leave their permanent residence and enjoy amenities and natural features of the outdoors. A campground is a designated area where camping takes place.

It is agreed between the parties that the intended use for the Site is for recreational and vacation purposes only. The Park is designed and intended for use for seasonal or temporary campground and recreational use only and as such the trailer on site cannot be used as permanent residential or home address.

It is agreed by the parties that the <u>actual use</u> of the Site shall be for seasonal, recreational purposes for temporary periods of time only and as further restricted by periods of Park Closure. As well during any use of the specified site by the Campers, the Campers shall maintain a residential premise elsewhere than at the park, that the Campers have unlimited access to and it is acknowledged by the Campers that zoning for the Park prohibits residential uses of Sites in the Park.

It is agreed and understood between the parties that the words "seasonal" or "temporary periods of time "as set out in paragraph 2 above may include periodic or recurrent use pertaining to all seasons of the year, but shall not include use of the Site when the Park is closed, from **January 1st. to March 1st.** in any given year.
