## **Trailer Site Reviews**

Site reviews were done in 2014 and 2017. They are done every 3 years for the overall state of each site including the age and/or exterior condition of trailer, maintenance of landscaping, shed, deck condition, tidiness and safety.

Trailers aging more than approximately 20 years old are subject to an increased security deposit of a minimum of \$1500. All necessary changes must be completed before either the sale of the trailer or the next review in 2020.
