

## 2024-2025 Seasonal Campers Renewal Package

As the summer of 2024 passes the midpoint of the year, I would like to thank our existing seasonal customers who helped us celebrate 50 years in business. The staff deserves a big thankyou as well. All strive to provide a clean and quiet atmosphere in a setting that has seen little change in the past 50 years. However in 2025 , construction of the new stormwater management pond and Beaver Creek upgrades will begin a new era of change. All information is public knowledge so we won't hold anymore information nights to discuss those pending changes.

Thanks again and enjoy the balance of the summer.
