

Lawn Care Program 2023

This year we will continue using our "Walker" lawn mower. The Walker is a riding mower that has great manoeuvrability around small objects and helps us to be more efficient with our lawn care program. The mower has a self collecting unit so bagging will be at no extra charge.

On our "just enough" program, your lawn will be cut and trimmed bi-weekly. With the "regular" program your lawn will be cut and trimmed weekly. Please see the rate below.

Please call the office if there are any suggestions or concerns . A copy of the cutting schedule will be kept in the office to show when your lawn was cut last (in the binder).
